Horton says he will look after them and take care of them forever whatever comes his way.</p>	<p>(4) Remember the boy at the beginning well he is pushed into his imagination by The Cat and becomes Jo Jo son of the Mayor of Whoville. Horton chases the clover until the eagle drops it into a field of clover. Horton tries to find it but there are millions of clovers and he gets fed up. He notices Mayzie sitting on a next and she persuades him to look after her egg whilst she takes a holiday. He says yes as he has lost the Whos. Mayzie disappears and does not come back.</p>
